ACADEMIC ACHIEVEMENT AND HONOR ROLL CRITERIA

The primary purpose of attending school is academic achievement. Therefore, Honor Rolls have been established and revised to recognize

those students who achieve above general expectations. Computational formulas are used for figuring students' grade point averages

(GPA's) and are based on a 4 point scale that figures in plus and minus grades. The point break down used in the formula is as follows

A = 4.00	C = 2.00
A- = 3.67	C- = 1.67
B+ = 3.33	D+ = 1.33
B = 3.00	D = 1.00
B- = 2.67	D- = 0.67
C+ = 2.33	

Term One and Two marking period Honor Rolls will be designated as follows:

Honor Roll - minimum 3.25 GPA

High Honors- minimum 3.500 GPA

All A's - 4.000 GPA

Senior Scholar and Senior Recognition:

Senior Scholars are based on the computation below. The top two students with the highest calculation will be the valedictorian and salutatorian.

NEED CURRENT $(\text{GPA} \times 250) + (\text{ACT Composite Score} \times 27.778)$ or $(\text{GPA} \times 250) + (\text{Total SAT Score} \div 1.6)$. A perfect score is 2000 (1000 for each half of the formula). A senior scholar is anyone with a total score of 1650 or above.

Senior Scholars will be determined at the end of Term 1 of the Senior Year. All other academic awards will be determined at the end of Term 2. Final GPA standings will be determined at the end of the final term of the senior year.

Senior’s cumulative GPA’s will be recognized at their Commencement ceremony as Graduating With:
 3.25 to 3.49 GPA (**white cord**).
 3.5-3.79 GPA (**purple cord**)
 3.8 GPA and above (**gold cord**)
 Senior Scholars – **Scholar Medal**

Honor graduates will be presented with honor cords at Senior Recognition/Scholarship Night to wear with their gowns at Commencement. Senior Scholars will be presented with medals. These distinctions are for students with full schedules contributing toward their GPA in graded classes and who have attended BHS for at least one academic school year carrying a full schedule.

ACADEMIC RECOGNITION – Academic Letters and medals are awarded to students who have attained a 3.5gpa for two consecutive terms.

1st year = Academic Letter; 2nd year = Bronze Medal; 3rd year= Silver Medal; 4th year= Gold medal. Medals are awarded at the Spring Awards Program.

COLLEGE INFORMATION

Trade and technical schools, colleges and universities, and the armed services visit Bronson Junior/Senior High School each year. Students

should attend these seminars related to their interests to assist them with career planning. Applications, brochures, and costs of the programs are often available at these seminars or from the counselors.

Seniors may visit trade and technical schools, colleges, and universities up to two (2) times per year, if prior arrangements are made through the counseling office. These days will be considered school-related absences if a college visit slip is turned in before the visit AND verification from the visit is turned into the attendance office after the visit.

CURRICULUM OFFERINGS

Information regarding course offerings, career pathways, scheduling, graduation requirements, required subjects, dual enrollment, scholarships, and testing (ACT, SAT, M-Step, NWEA and others) is available in the Counseling/Guidance Office. **It is the responsibility of all senior high students to check with their counselor during the school year to verify their academic program and to see if graduation requirements are being met.**

Any questions or concerns by students or parents should be handled as soon as possible by scheduling an appointment with a counselor in person or calling **(517) 369-3238**.

EDUCATIONAL DEVELOPMENT PLANS (EDP’S) & PORTFOLIOS

All students will begin exploring and formulating career decisions in anticipation of their four year high school curriculum and post-secondary training in their respective career pathway. Assistance will be provided and on-going through course work, occupational research, career exploration and career prep computer software, testing data, school-to-work and job shadowing experiences, plus counselor, advisor, and faculty input. Each student will create an EDP, which will be revised and updated periodically, as a means of planning, setting, and working toward career goals. Students will develop various components of their EDP.

Dual Enrollment – At Bronson schools we allow students who qualify, to take advantage of dual enrollment. However, the final decision for students taking dual enrolled courses is held by the principal. Dual enrollment allows students to take courses in college and also receive graduation credit. The classes are housed in Room 109 at the Jr/Sr high school. The tuition for these courses is paid by Bronson schools and students assume some costs such as laboratory materials, technology fees, and books. The student will also pay the cost of the tuition back to Bronson Community Schools should they fail the class.

Along with meeting the requirements of the Michigan Merit Curriculum as stated in the above table, all students must earn the following credits totals to qualify for graduation:

Class of 2016 and beyond – 26 of 30 credits

STANDARDS BASED GRADING

Bronson Jr/Sr High School participates in standards based grading in all classes that are for high school credit. Each department has selected multiple tier one standards for each course taught at Bronson Jr/Sr High. In order to receive credit, students must show mastery of all standards associated with a class. Students who fail to show mastery will either repeat the course or participate in May Term credit recovery.

Completing Graduation Requirements: A senior who has not completed graduation requirements at time of graduation must do so by the end of Term 1 of the following school year in order to claim the diploma of his/her actual graduation year.

HOMEWORK

Homework is an integral part of any class. Students should study and review all class materials/lessons on a regular basis regardless of specific homework assignments. Some textbook(s) should be taken home almost nightly for study and/or review. Homework will be assigned when it serves the following needs of the student:

1. Provides additional practice in essential skills
2. Provides further learning in areas covered in class.
3. Affords an opportunity to increase self-direction and responsibility.
4. Enriches school experiences and exposes students to other resources.
5. Assists students in learning to budget and utilize time wisely.

Parents should check the School Agenda homework planner regularly to see that homework, assignments and projects are done correctly, completely, neatly and handed in on time. Teacher comments may also be included periodically. Parents are encouraged to contact the teachers at school any time they have a concern with their student's academic progress. Planning your work and scheduling time for homework has a positive effect on an individual's progress in class.

PERSONAL CURRICULUM

The new Michigan Merit Curriculum (MMC) is implemented with the intent to assure a quality education for all Michigan public high school students. An education closely linked with a student's career path may require adjustments or accommodations to the general curriculum. The Michigan Department of Education has provided schools guidelines for implementing the Personal Curriculum legislation. If you believe your student's circumstances match the criteria to benefit from a Personal Curriculum (PC), please contact your student's counselor for further information.

To learn more about the Michigan Merit Curriculum and the Personal Curriculum, please visit:

PROMOTION POLICY

For Junior High School students, every core class (math, science, language arts, and social studies) is worth 2 points per semester upon passing. All other classes are worth 1 point per semester upon passing. Ten points are possible each semester, and 20 points per year. Students with fewer than 16 points may be considered for retention. A team consisting of the grade-level Core Team, H.S. Principal, Asst. Principal and Guidance Counselor will consider a variety of data, including a Light's Retention Scale, standardized achievement data, attendance and behavior data, and both planned and implemented interventions, before making a determination for retention. Parents will be notified of a recommendation for retention by July 1st prior to the upcoming school year.

Senior High students receive a maximum of ½-credit for each 75-Day-Term course passed and a maximum of ¼-credit for each May Term course passed. Students must demonstrate mastery of content, according to department guidelines, in order to earn credit in a course. Partial credit may be given for a course, regardless of the grade earned, based on departmental End-of-Course Mastery Guidelines. Students may 'recover' any credit lost during a class through a variety of means.

SCHOLARSHIPS

Many scholarships are available to students interested in obtaining financial assistance. Information may be obtained from the Guidance Office regarding types of grants/loans/scholarships, amounts, qualifications and application deadlines. It is the student's responsibility to type, complete, copy, and submit all materials by the established deadline!

TESTING-OUT POLICY

Testing out policies are determined by each individual department. Please contact department heads for further details.

ATTENDANCE AND TARDY POLICY & PROCEDURES

The school district emphasizes the value of regular attendance in enabling students to benefit from the school's education programs. Michigan law places responsibility on each student to attend school on a daily basis, and on each parent or guardian to send their child to school on a daily basis.

More important, however, is the effect of regular and punctual attendance on the student's scholastic achievement. Not only is each day's lesson important to the individual student, the student's participation in class contributes to the

education of others. Frequent absences and tardiness, for any reason, are certain to adversely affect the student's schoolwork. Each student is expected to be in school every day except when illness, injury, or some providential condition beyond the student's control prevents attendance. It will be the policy of the school to drop from the rolls a student who has been absent ten (10) consecutive days for a reason that cannot be determined by school authorities. To provide maximum flexibility for students and staff, the following expectations, policies and procedures have been adopted:

ATTENDANCE EXPECTATIONS

1. Students are expected to attend school regularly and punctually to maintain high academic achievement. Teachers will notify students at the beginning of the semester that attendance/participation may be an objective criteria used in part to figure marking period and/or semester grades.
2. After a student has been absent, it is his/her responsibility to get assignments from his/her respective teacher. This should be done before or after school, or during Academic Center. One day for each day of absence will be allowed for make-up work. Class work for all truancy absences will be made up and the work shall receive one half (50%) the credit usually granted.
3. Parents may request a prearranged absence by calling the Attendance Clerk at (517) 369-3231 at least one day before the absence will occur. This is especially true for medical/dental appointments. An early lead-time also allows for missed assignments to be secured and completed upon the student's return to class. Doctor and dentist/orthodontist appointments should be scheduled around the school day, or on days of no school, if at all possible. A note from the doctor/dentist should be brought in upon the student's return to school.
4. Students are not permitted to participate in or attend after school extracurricular activities or athletics the day of an absence (one class or more) unless it is prearranged.
5. Parents may be contacted on any day their student is absent to verify the absence if no parental contact has been made with the school.
6. If a student is at school or on school property during the school day, he or she is expected to be in the appropriate class.
7. Students are reminded that leaving school during the day involves following the sign out procedure with parental and office/attendance clerk approval.
8. Upon arrival to school, once the student enters the building, they must obtain parent permission in order to leave.
- 9.

ATTENDANCE POLICY

All absences will be recorded as Contacted (parent phone call/note, medical/court note) or Not Contacted (no parent phone call or note). Failure to report an absence by telephone or provide a note on the day the student returns to school will result in the absence being recorded as Not Contacted and the absences may be considered as truancy (skipping) with other possible consequences (see below). Definition of absences: Every absence from a class period will count as one absence for that particular class.

EXCESSIVE ABSENCES FROM SCHOOL

Any student absent from school for 10 days or more at any point during the school year may, upon request be required to present a **current** medical excuse for each absence thereafter for the remainder of the school year. A student who fails to do so will be considered truant. Truancies may result in various detentions, ISR and/or OSS. Excessive truancies may result in suspension or expulsion.

1. **Failure to report an absence** by telephone or provide a note on the day the student returns to school will result in the absence being recorded as Truant.
2. **Major Medical** - It is understood that some students have "**major medical**" problems and knowingly, may not realistically meet these attendance expectations. However, they must meet the following conditions:
 - A. The student must present a doctor's written excuse stating the type of disability and the dates of exception. The disability is subject to review by the administration whenever necessary.
 - B. The perpetual/chronic illness or disability must be stated at the beginning of the school year or at the onset of the occurrence if during the year.
 - C. During the absences, class assignments are actively sought and completed to the best of the student's ability.
 - D.

ATTENDANCE PROCEDURES

1. Notification of the Attendance Clerk

- A. Written notes, in lieu of the preferred phone calls, may be brought in by the student and submitted to the Attendance Clerk upon returning to school from an absence (this includes medical documentation.). **All medical notes must be current and turned in within 24 hours of returning to school.**
- B. If students become ill during the day and need to call home to get parent permission to leave, they should report to the Attendance Clerk and follow sign-out procedures.

2. Questions concerning attendance should be:

- A. Directed to the Attendance Clerk (369-3231) or the Assistant Principal (369-3238).

SIGN-OUT/SIGN-IN PROCEDURE

Students who leave school before the established dismissal time must sign-out with the Attendance Clerk. Signing-out will only be allowed when school personnel are aware of the sign-out and parental/guardian permission is granted (either by prearranged notice or by a call made by the attendance office to the parent/guardian at the time of the sign-out request). Students arriving or returning to school after the beginning of the school day must sign-in with the Attendance Clerk before attending classes.

TARDINESS - BHS uses the Tardiness Program called "**Start on Time.**" This program is conducted by the Administration, Dean, teachers, and paraprofessionals.

Start on Time is a comprehensive research based tardiness program that encompasses positive behavioral support that encourages timeliness. It is a team based approach to reducing tardiness and will ultimately increase student to teacher contact time.

Along with regular attendance, punctuality is a virtue desired by business and industry, therefore, the school has the same expectations. Tardiness is defined as arriving to class after the time the class is scheduled to begin (usually signified by the tardy bell) and within the first fifteen (15) minutes of class. After 15 minutes, the student is marked absent but is still expected to attend and participate in class. Arriving after the 15 minute mark and then leaving class early without teacher permission will be counted as truancy in addition to an absence. Students arriving to class late with a pass from their previous teacher will not be counted tardy. Students entering class late should do so quietly as a courtesy to the teacher and students already engaged in the day's lesson.

Consequences for each tardy are as follows:

First Tardy – Warning/Conference with teacher or administrator

Second Tardy - Write an acceptable/approved letter home

Third Tardy –One 1/2 hour lunch detention

Fourth Tardy - Two lunch detentions

Fifth Tardy - 1 week of lunch detention

Sixth Tardy -1/2 day of ISR.

TRUANCY

1. Truancy (skipping classes). A parent or other person in parental relation who fails to comply with the Michigan Compulsory School Law is guilty of a misdemeanor, punishable by a fine of not less than \$5.00 nor more than \$50.00, or imprisonment for not less than 2 nor more than 90 days, or both. Consequences for truanancies will be handled on a yearly basis as follows: Excessive truanancies may result in various detentions, ISR/OSS and/or expulsion.
2. Any student who has reached the status of truancy due to absences will not be allowed to attend/participate in extracurricular activities such as: homecoming, dances, athletic events, concerts, etc. Open Campus Rights will also be taken away.
3. **Furthermore, Bronson Jr/Sr High School does not sanction any type of "skip day."** All absences related to, or associated with a "skip day" will be classified as Not Contacted and the above truancy consequences will apply. Also, if a significant number of students are absent from school as part of a "skip day," additional days may be added on to the end of the school year for all students in the grade level(s). Any and all exceptions to the Attendance Policy/Procedures are to be handled administratively and on an individual basis.

COMMUNICABLE DISEASES

The school will observe recommendations of the Michigan Department of Community/Public Health regarding communicable diseases:

1. The student's parent/guardian is required to notify the school office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian.
3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice

The school will observe the following protocols regarding head lice.

1. The student's parent/guardian is required to notify the school office if their child is suspected of having head lice.
2. Infested students will be sent home following notification to the parent/guardian.

3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent/guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). **Infested children are prohibited from riding the bus to school to be checked for head lice.**

CONCUSSIONS

Board Policy states: To provide for the safety of student athletes, all athletic programs of the District shall comply either with the concussion protocols of the Michigan High School Athletic Association, or the protocols set forth in AG 5340.01, which shall meet all the requirements of state law and Department of Community Health guidelines regarding concussion awareness training and protection for youth athletes. The District shall comply with whichever standards are more protective. M.C.L. 333.9155-333.9156

Administrative Guidelines Regarding Concussions and Athletic Activities 5340.01

Prior to Participation

Before a youth athlete may participate in an athletic activity sponsored by or operated under the auspices of the District, all of the following must occur:

1. All coaches, employees, volunteers, and other adults who are involved with the participation of youth athletes in the athletic activity must have completed the concussion awareness training program as developed and made available by the state Department of Community Health (DCH).
2. Each youth athlete who participates in an athletic activity and a parent or guardian of the youth athlete must be provided educational materials on the risks of concussions, as developed by the DCH.
3. A signed receipt for the materials described in B. above must be obtained from the youth athlete and a parent/guardian.

The signed receipts shall be maintained in a permanent file for as long as the youth athlete continues to participate in athletic activities sponsored by or operated under the auspices of the District or until s/he turns 18. The materials and receipt requirement will not be necessary for participation in additional athletic activities. Redistribution and a new signed receipt will only be required if the DCH issues updated materials with new risks associated with concussions or if the DCH requires more frequent distribution. These signed receipts shall be made available, upon request, to the DCH.

During Participation

Each coach or other adult employed by, volunteering for, or otherwise acting on behalf of the District shall:

1. Immediately remove from physical participation in an athletic activity a youth athlete who is suspected of sustaining a concussion during the athletic activity.
2. Not allow a youth athlete who has been removed from physical participation in an athletic activity for suspected concussion to return to physical activity until s/he has been evaluated by an appropriate health professional and received written clearance authorizing the physical participation in the athletic activity.

The District shall maintain the written clearances in a permanent file for the duration of that youth athlete's participation in athletic activity sponsored by or operated under the auspices of the District or until s/he turns eighteen(18). The written clearances shall be made available, upon request, to the DCH.

These protocols do not apply to programs or events sponsored by or operated under the auspices of the District where the primary focus is not participation in an organized athletic game or competition, but such participation is only incidental to the primary focus of the program or event.

Definitions:

1. *"Appropriate health professional"* means a health professional who is licensed or otherwise authorized to engage in a health profession under state law and whose scope of practice within that health profession includes the recognition, treatment, and management of concussions.

SCHOOL-SPONSORED PUBLICATIONS AND PRODUCTIONS

The Board of Education sponsors student publications and productions as means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society.

For purposes of this policy, "school-sponsored student media" shall include both student publications and productions. "Student publications" shall include any written materials, (including, but not limited to, banners, flyers, posters, pamphlets, notices, newspapers, playbills, yearbooks, literary journals, books, and t-shirts and other school-sponsored clothing), as well as material in electronic or on-line form (including, but not limited to, websites, web logs ("blogs"), video or audio clips, and newsletters or announcements transmitted by e-mail, wireless broadcast or other similar distribution/dissemination). "Student productions" shall include vocal and theatrical performances, impromptu dramatic presentations, or any electronic media (including, but not limited to, radio and television programs, podcasts, and other video or audio productions that are recorded for re-broadcast or broadcast in real time using any available broadcast technology). Further, the term "publication" shall include distribution and dissemination of a student publication; and the term "performance" shall include presentation and broadcast of a student production.

The following speech is unprotected and prohibited in all school-sponsored student publications and productions: speech that is defamatory, libelous, obscene or harmful to juveniles; speech that is reasonably likely to cause substantial disruption of or material interference with school activities or the educational process; speech that infringes upon the privacy or rights of others; speech that violates copyright law; speech that promotes activities, products or services that are unlawful (illegal) as to minors as defined by State or Federal law; and speech that otherwise violates school policy and/or State or Federal law. The Board authorizes the administration to engage in prior review and restraint of school-sponsored publications and productions to prevent the publication or performance of unprotected speech.

All school-sponsored student publications and productions are nonpublic forums. While students may address matters of interest or concern to their readers/viewers, as nonpublic forums, the style and content of the student publications and productions can be regulated for legitimate pedagogical, school-related reasons. School officials shall routinely and systematically review and, if necessary, restrict the style and/or content of all school-sponsored student publications and productions prior to publication/performance in a reasonable manner that is neutral as to the viewpoint of the speaker. Legitimate pedagogical concerns are not confined to academic issues, but include the teaching by example of the shared values of a civilized social order, which consists of not only independence of thought and frankness of expression but also discipline, courtesy/civility, and respect for authority. School officials may prohibit speech that is grammatically incorrect, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.

School-sponsored student media may not be published/performed outside the school community (i.e., publication/performance is limited to students, staff and parents/family members) except with the prior written approval of the building principal.

Students shall not be disciplined and/or retaliated against for exercising and/or asserting their free speech rights as defined in this policy. Nothing in this policy, however, restricts the Board's ability to impose post-publication/performance discipline related to a student engaging in the impermissible publication/performance of unprotected speech.

Advertising is permitted in all school-sponsored student publications/productions.

Advertisement submitted for publication or inclusion in a production shall be reviewed by the class/activity advisor for a determination that they are appropriate for juveniles. The Superintendent retains the final authority to determine whether an advertisement is appropriate and will be included in a publication/production. Advertisements may be rejected for legitimate pedagogical school-related reasons unrelated to the viewpoint of the advertiser (e.g., the advertisement encourages action that would endanger the health and safety of students).

General Prohibitions

Regardless of their status as non-public or limited-purpose public forums, the Board prohibits publications, productions and advertisements that:

1. fail to identify the student or organization responsible for the publication/performance;
2. solicit funds for non-school organizations or institutions when such solicitations have not been approved by the Board.

COMMUNICATION DEVICES/ELECTRONIC DEVICES

Electronic device usage during class time is at the teacher's discretion. Students may use electronic devices in the lunch room during lunch if the devices are used in a non-disruptive manner, are not audible to others, and not in a manner that would be disrespectful to or violate the privacy of others. Students may use their phones in the hallways between class periods, but all cell phone use must end **prior** to entering the classroom. Students may lose this privilege if the phone use is creating a disruption or safety concern to the school environment or interfering with the student getting to class in a timely manner. All other cell phone/electronic device usage without permission is prohibited between 7:50 and 3:00 and must not interfere with or distract from the classroom learning environment in any way. **Electronic devices are NOT allowed in locker rooms. Any student using their device in such a manner as to record or take pictures in a locker room shall be subject to disciplinary actions.**

5136 - WIRELESS COMMUNICATION DEVICES

Students may use wireless communication devices (WCDs) before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after school activities (e.g. extra-curricular activities), and at school-related functions. Use of WCDs, except approved laptops and PDAs, at any other time is prohibited and they must be powered completely off and concealed and secured in hall lockers (but not locker room lockers) or vehicles, or stored out of sight.

A "wireless communication device" is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDAs), BlackBerrys/Smartphones, Wi-Fi-enabled or broadband access devices, two-way radios or video broadcasting devices, laptops, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school. Students may use WCDs while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher and/or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Also, during after school activities when directed by the administrator or sponsor, WCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight.

The requirement that WCDs must be powered completely off will not apply in the following circumstances when the student obtains prior approval from the building principal:

- A. The student has a special health circumstance (e.g. an ill family member, or his/her own special health condition).
- B. The student is using the WCD for an educational or instructional purpose (e.g. taking notes, recording a class lecture, writing papers) with the teacher's permission and supervision. However, the use of any communication functionality of the WCD is expressly prohibited. This includes, but is not limited to, wireless Internet access, peer-to-peer (ad-hoc) networking, or any other method of communication with other devices or networks. In no circumstances shall the device be allowed to connect to the District's network. The preceding prohibitions do not apply to Board-owned and issued laptops, PDAs or authorized assistive technology devices.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Students who violate this provision and/or use a WCD to violate the privacy rights of another person shall have their WCD confiscated.

"Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

The use of WCDs in locker rooms, classrooms, and bathrooms is prohibited.

No expectation of confidentiality will exist in the use of WCDs on school premises/property.

Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior.

Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline

will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed. Any WCD confiscated by District staff will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian. WCDs in District custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy **5771** – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.

A person who discovers a student in possession of or using a WCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents/guardians during the school day.

DISCLAIMER ON FOREIGN TRAVEL

The Bronson Community Schools are pleased to assist students in becoming acquainted with the opportunities offered by foreign exchange programs. The staff is willing to cooperate with these organizations by providing information, meeting space, and such for students. It is important to note, however, that no part of the planning, organizing, or travel is sponsored by neither the school district nor any of its employees while on duty. The Bronson Community Schools will not assume any responsibility for activities of such organizations.

DISTRIBUTION/POSTING/SALE OF MATERIALS ON CAMPUS

Any materials (posters, notices, signs, fliers, etc.) to be distributed and/or posted on school property must be approved through the Principal or designee before distribution or posting can occur. The time and place of the distribution shall be established by the Principal. Those doing the distribution and/or posting are responsible for cleaning up. No materials are to be sold on school grounds without approval of the Principal. Selling is usually limited to school sponsored groups (see Fund Raising).

DRESS CODE

1. A student will not dress or groom in a manner that disrupts the educational process or is detrimental to the health, safety or welfare of others. A student will not dress in a manner that is distracting or indecent, to the extent that it interferes with the learning and teaching process. The following guidelines will assist parents and students in understanding what Bronson Jr/Sr High School's expectations are regarding appropriate dress for school and school-sponsored activities:
2. **Shorts, skirts, and dresses** are required to extend to at least the mid-thigh as measured to the end of the fingertips with arms fully extended down on the sides. Lack of student adherence to these guidelines will result in restrictions on the wearing of shorts!
3. **The following will not be permitted:** tank tops, muscle shirts, mesh shirts, halter tops, backless dress wear (including spaghetti strap-type dresses), any exposed garment usually worn as underclothing, chains of any type (wallet or otherwise), hats or other headgear (such as **hoods** or bandannas), sunglasses, clothing which advertises, depicts, or supports alcohol, tobacco, drugs, sexual activity, violence, profanity or obscene activities, and gang-related symbols, colors, clothing, and emblems.
4. **Shirts, blouses, and tops must cover the stomach/midriff, cleavage and shoulders.** Pants, jeans, or shorts are to be worn appropriately secured at the waist and may not drag on the floor. **Leggings must be worn with school appropriate length shorts or with an over shirt extending to the mid-thigh.**
5. **The bottoms of feet must be covered with a commercially manufactured sole** for safety and health regulations. Bedroom slippers are not permitted. Coats normally worn as outerwear are not to be worn during class per Health Department suggestions, unless temporary low temperature conditions warrant with teacher or administrator approval.

These limitations do not necessarily apply to administration approved BHS sport-specific athletic apparel. Parents are asked to assist the school by monitoring student dress before students leave for school each day.

Adults exercise the right to direct a student inappropriately dressed to an administrator or counselor. The teacher, counselor, or administrator may require the student to change into appropriate clothing.

DRIVER'S EDUCATION

Driver Education is not provided by the school. Private companies are available and advertise through the daily bulletin and local newspapers.

ELIGIBILITY FOR ATHLETICS AND EXTRA-CURRICULAR ACTIVITIES

1. **ATTENDANCE** - A student must be in attendance the entire school day to be eligible to participate (practice or play in athletics), or attend any extra-curricular activity that day, unless the absence has been properly prearranged as outlined in the aforementioned Attendance Policy, or otherwise permitted by the Athletic Director or Principal. Failure of the student and parent to properly prearrange an absence with the Attendance Clerk or an administrator will result in the student not being permitted to neither participate nor attend activities that day.
2. **ACADEMICS** - Eligibility for students in grades 7-12 who participate in athletics, plays, or certain organizations is determined by a weekly academic eligibility check with the teachers. Students with grades of "D" or "E" will be noted on the lists. Generally, students are permitted one (1) "E" grade for one week. Students carrying two (2) or more "E" grades, or an "E" grade in the same class for two (2) or more consecutive weeks, will be considered academically ineligible until all grades are passing ("D" or better). This check is usually made on Tuesday morning and determines academic eligibility for the entire next week's (Tuesday through Monday) activities, until the next eligibility check is made. This is usually the end of the next week, but in the case of vacation periods (Christmas, spring, etc.), it may be longer. Complete BHS and MHSAA academic eligibility requirements are outlined in the Athletic Guidelines available in the office.
3. **BEHAVIOR** - Students with behavior problems that result in after school detention are expected to fulfill this obligation before attending any extra-curricular activity. Students with severe behavior problems that result in ISR or OSS will also be excluded from participating or attending after school activities until 7:45 am the first regular school day following the suspension. Exceptions may be considered by administration for suspensions proceeding winter or spring break.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)/STUDENT DIRECTORY INFORMATION

The Bronson School District, in compliance with FERPA, publishes this notice that explains what student information may be released, without prior consent from individual parents. The directory of information includes a student's name, address, phone number, date of birth, major field of study or grade, participation in school activities, dates of school attendance, honors and awards, and other general information usually found in yearbooks. This notice is to inform students and parents of expected practices on the part of the school. Anyone having objections to their individual information being released may submit a written objection, sent to Dr. Teresa Belote, Superintendent of Schools, 501 E. Chicago Street, Bronson, MI 49028.

FIRE DRILLS

Fire drills will be held at frequent intervals throughout the year. Instruction in drill procedures will be given at the beginning of each semester and is posted in all rooms. Procedures will vary from room to room, and students should be familiar with each one. During fire drills, students should conduct themselves so that the building may be evacuated as rapidly (usually under a minute) and safely as possible.

FUND RAISING

All fund raising projects must be approved by the sponsor(s) and the Assistant Principal at least four (4) weeks prior to the start of the activity. Only Bronson Jr/Sr HS and BACC related fund raising activities or sales will be permitted at school. Any student who elects to get involved in fund raising activities must recognize they are responsible for all materials taken for sale and the monies collected (see Student Obligations). Student lockers should not be used to store large amounts of product or money. The Junior High's annual magazine sale typically runs for several weeks in early September.

GLASS CONTAINERS & BOTTLES

Glass containers and bottles are not permitted in the building, on school busses, or on school grounds. They present a health and safety problem and violators of this request will face disciplinary action. Re-sealable bottles, cans or other beverage containers will only be allowed in the cafeteria during the lunch/breakfast period. They are not allowed in the hallway, lockers, classrooms, gym, and on the busses. **Only clear water bottles will be allowed in the hallways and lockers, and in classrooms with teacher permission.**

GUIDANCE & COUNSELING

The counselor in the Guidance Office is available for counseling students with academic, scholastic, vocational, career, medical, social and/or personal problems. All contacts of a personal nature will be held in strict confidence unless student discloses harm to self, others or abuse. Contact the guidance office at 517-369-3238 for more information.

HALLWAY PROCEDURES

1. Teachers and administration control hallway privileges and may deny requests to leave.
2. Students in the hallways during class time must have a valid written pass.

3. There will be no running or horseplay in the halls at any time.
4. The bell only announces the end of a period-teachers dismiss students.

HEALTH CLINIC

The CHC Viking Connect Tele-Health clinic gives your child an opportunity to be seen by a licensed healthcare provider without having to leave the school. Vaccinations are also available. Hours of Operation are Monday – Wednesday 8:00 – 3:00 and Friday 8AM-Noon. HOMEBOUND AND HOSPITAL INSTRUCTION

A student who is absent from school for an extended period of time, because of a medical condition, *may* be eligible for instruction in the student's home or hospital. For information on homebound or hospital instruction, contact the Assistant Principal.

LIBRARY/MEDIA CENTER

All materials are to be checked out with the librarian before they are taken from the library. Students who do not follow these procedures or abide by expectations will be disciplined and lose their library privileges.

LOCKERS

LOCKERS ARE SCHOOL PROPERTY:

All lockers assigned to pupils are the property of the school district. At no time does the school relinquish its exclusive control of its lockers. The public school principal or his/her designee shall have custody of all combinations to all lockers or locks. Pupils are prohibited from placing locks on any locker without the advance approval of the school principal or his/her designee.

1. **LEGITIMATE USE OF SCHOOL LOCKERS:**

2. The school assigns lockers to its pupils for the pupils' convenience and temporary use. Pupils are to use lockers exclusively to store school-related materials and authorized personal items such as outer garments, footwear, grooming aids, or lunch. Pupils shall not use the lockers for any other purpose, unless specifically authorized by school board policy or the school principal or his/her designee, in advance of pupils bringing the items to school. Pupils are solely responsible for the contents of their lockers and should not share their lockers with other pupils, nor divulge locker combinations to other pupils, unless authorized by the public school principal or his/her designee.

3. **SEARCH OF LOCKER CONTENTS:**

4. Random searches of school lockers and their contents have a positive impact on deterring violations of school rules and regulations, ensure proper maintenance of school property, and provide greater safety and security for pupils and personnel. Accordingly, the board authorizes the school principal or his/her designee to search lockers and locker contents at any time, without notice, and without parental/guardianship or pupil consent. The school principal or his/her designee shall not be obligated, but may request the assistance of a law enforcement officer in conducting a locker search. The school principal or his/her designee shall supervise the search. In the course of a locker search, the school principal or his/her designee shall respect the privacy rights of the pupil regarding any items discovered that are not illegal or against school policy and rules.

5. **CANINE TEAMS**

6. The Board authorizes the use of canines, trained in detecting the presence of drugs and other illegal contraband. This means of detection shall be used only to determine the presence of drugs and other illegal contraband in locker areas and other places on school grounds where such substances could be concealed. Canine teams will not be used to search students unless either a warrant or parental permission has been obtained prior to the search.

7. **SEIZURE:**

When conducting locker searches, the school principal or his/her designee may seize any illegal or unauthorized items, items in violation of board policy or rules, or any other items reasonably determined by the school principal or his/her designee to be a potential threat to the safety or security of others. Such items include, but are not limited to the following: firearms, explosives, dangerous weapons, flammable material, illegal controlled substances or controlled substance analogues or other intoxicants, contraband, poisons, and stolen property. Law enforcement officials shall be notified immediately upon seizure of such dangerous items or seizure of items that schools are required to report to law enforcement agencies under the Statewide School Safety Information Policy. Any items seized by the school principal or his/her designee shall be removed from the locker and held by school officials for evidence in disciplinary proceedings and/or turned over to law enforcement officials. The parent/guardian of a minor pupil, or a pupil eighteen (18) years of age or older, shall be notified by the school principal or his/her designee of items removed from the locker. {The Revised School Code, 380.1306, 2000 PA 87 (Locker Searches)}

LOST AND FOUND

A lost and found area is located in the attendance office. If a student finds something that does not belong to him or her, it should be turned in to the office secretary or a teacher. Failure to turn in lost items may result in immediate disciplinary action.

LUNCH - BREAKFAST PROGRAM

The school lunch program offers two meal opportunities - breakfast prior to school, which is free to all students, and lunch. The program offers both Type-A and a-la-carte lunches. Students may pay for their lunches weekly on Monday mornings or pay for their meal selections daily in the kitchen. Free and reduced lunches are confidentially available to those who qualify. Please contact the kitchen office at 369-3227 for more information or any questions regarding the food service program.

LUNCH PERIOD / GYM RULES

By school board policy, the 6th through 10th grades operates under a closed campus: students may not leave the building or school ground unless picked up by a parent with office acknowledgment.

Junior High students will follow a split lunch activity period schedule consisting of cafeteria and gym time. Students must follow the posted lunch procedures and are not allowed in the hallways without permission. Consequences for not following procedures include lunch detention, parent conference, and loss of other privileges.

Also, by current Board policy, the 11th and 12th grades operate under an open campus for lunch: students may leave school grounds. This privilege will continue as long as students treat it with respect and observe the following rules:

1. Students must avoid being on the grounds of the elementary schools.
2. Local merchants' requests regarding conduct, loitering, and driving must be obeyed and respected.
3. Non-students are not allowed on school property at any time without administrative permission (City of Bronson Ordinance #99).
4. Local ordinances and state laws must be followed at all times. Violators risk school disciplinary action (including loss of open campus privileges) and civil action. These especially include staying out of the cemetery and not loitering on the grounds adjacent to the cemetery, littering, or walking in the road.
5. Student driving complaints and tardiness of students to afternoon classes will be of prime concern and may also.

A determination may be made to eliminate open campus privileges if problems arise. Generally during lunch period, all students are to eat their lunch in the cafeteria only. No food or drink (including open pop) is allowed outside the cafeteria. Students are expected to bus and clean their own tables, push in their chairs, dispose of waste products properly, cooperate with school recycling programs, and stack their trays neatly in the kitchen window. Following eating, students may make a decision as to where to spend the remainder of their lunch period. They may 1) remain seated in the cafeteria, 2) go to the gym (if available). Students may not enter academic hallways or go east of the double doors except to use the restroom or go to the office prior to the end of the lunch period.

Juniors/Seniors returning to the building at lunch time may use the north doors by the office or the west doors by the art room (these doors will be locked again after lunch). BACC students leaving by bus at lunch time are to use only the south doors by the concession stand. Loitering in the student parking lot or on school grounds is prohibited.

All BHS Student Conduct Expectations, Rules and Consequences are in effect during the lunch period. Additionally, students should meet the following expectations:

1. Be cooperative and respectful to all adult supervisors.
2. No food or drink is allowed in the gym or outside of the cafeteria.
3. Clean tennis shoes only (non-marking soles) must be worn in the gym.
4. Students are not to be in the gym without supervision.
5. Loud talking, yelling or horseplay will not be tolerated.

MEDICATION IN SCHOOL

Prescription Medications

When it is necessary for a student to take prescription medication during school hours, the medication must be kept in the school office and administered by school personnel. **Students and/or parents must supply all medication.** The responsibility of following dosage timing and taking medication is the duty of the student. Whenever possible, school personnel will make all efforts to remind children to take medication at the designated intervals. All medication must be in its original container. Written instructions signed by the parent/guardian acknowledging that the instructions are in compliance with the physician's directions, or the actual directions from the physician may be required. The instructions must minimally include:

1. Student's name
2. Name of Medication
3. Purpose of Medication
4. Dosage
5. Possible side effects
6. Termination date of usage

Self Management of Prescription Medication (such as inhalers, epipens and insulin)

As with any medication administered at school, a Medication Form must be completed and signed by the parent for the child who has developed competencies in self-medication administration. Self-managed administration of medications must be evaluated individually by office personnel in charge of medication. All medication must be in its original container. Controlled substances must be administered in the office by school personnel.

Self-Administration of Over-the-Counter Medications (such as Tylenol, aspirin, ibuprofen, or cough/cold medication) **MUST BE PROVIDED BY THE STUDENT OR PARENT!**

Students who are in the sixth grade and above that have developed the competency and are learning self-care behavior may be allowed to manage their own non-prescription, over the counter medication. No controlled substances will be self-managed by students. When students or guardians choose to allow students to self-administer non-prescription over the counter medication they must notify the school by completing the Medication Form and sign in the appropriate space.

SEARCH AND SEIZURE

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects.

School Property and Equipment, Personal Effects of Students

School authorities may inspect and search school property and equipment owned or controlled by the school (*i.e.*, lockers, desks), as well as personal effects left in those locations by a student, without notice to or the consent of the student or parent. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially-trained dogs.

1. Students

School authorities may search a student and/or the student's personal effects in the student's possession (*e.g.*, purses, wallets, knapsacks, book bags, lunch boxes, cell phones & vehicles) when there is a reasonable suspicion that the search will produce evidence that the particular student has violated or is violating either the law or the school district's rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

2. Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

SEXUAL OFFENDERS: Students who are convicted of criminal conduct which requires their listing on the State's Sexual Offender Registry, shall be prohibited from participating in:

1. all extracurricular activities;
2. all in-school activities which deal with younger students, such as tutoring, classroom assistance, coaching, etc.;
3. after school social activities, such as attendance at school-sponsored clubs, dances, athletic events, musical or theatrical performances, or outside clubs or activities, which meet on school property such as Girl or Boy Scouts, non-school athletics or religious/political groups;
4. activities as designated in writing by the student's school principal.

Any exceptions to the above exclusions must be approved by the Superintendent.

Any exceptions must be confirmed in writing by the authorizing individual, and must specifically state any requirements for participation, such as parental or adult supervision. The writing shall be provided to the parent, student, principal and Superintendent. Exceptions may be revoked at any time, with cause.

The school principal may also adjust the student's classes and schedule to provide for adequate supervision and student safety during the school day.

Additional restrictions on in-school activity and student contacts may be implemented by the building's principal, with approval from the Superintendent. Such restrictions shall be based on student/school safety and/or maintaining an appropriate educational environment. Restrictions will be in writing and provided to the student, parents/guardian and those staff with a need to know.

Such students shall only be on school premises as necessary for normal instructional purposes, or as permitted under any exceptions granted by the District. Students shall not arrive earlier than necessary and shall leave promptly upon completion of their approved attendance.

Students who have been convicted of a crime shall be reviewed by the District administration for possible limitation of school related activities consistent with the nature of the crime and the interest of the District in maintaining school safety.

STUDENT CARE OF PROPERTY

5513 - CARE OF PROPERTY The following guidelines shall be followed to ensure proper implementation of Board of Education policy.

Students shall operate school equipment only when authorized by the principal or supervising staff member and only if the student has been properly trained in both the operating and safety procedures associated with the equipment.

B. Personal Property

From time-to-time students and teachers use personal equipment to enrich the educational program. It is the teacher's responsibility to inform his/her principal so that arrangements can be made for safekeeping such property. The District is not responsible and cannot obtain insurance to cover such property. All such equipment shall be inspected to ensure its safety for classroom use.

C. Textbooks

1. Teachers shall keep a written account of all textbooks issued to students. The accounting shall include the following:
 - a. name and number of book
 - b. condition
 - c. student's name

when textbooks are returned at the end of the school year, they shall be checked against the record.

2. In the case of the students being graduated, **no student may participate in graduation activities until all obligations are met.**

Parents and adult students shall be liable for any damages to or loss of school property caused by the student

STUDENT DRIVING/PARKING LOT Operating a motor vehicle on school grounds and parking in the student lot is a privilege that must be maintained throughout the school year, once granted. The school reserves the right to restrict driving or parking privileges due to violations or requests beyond lot capacity. The following expectations exist for **all** students wishing to drive to school:

1. All student vehicles must park in the west parking lot only and display a current BHS sticker. **Students are not to drive through the staff parking lot. Violators may have driving rights revoked.**
2. All students desiring to drive to school and/or BACC must have their parents meet with the school administration to complete and sign the proper driving registration form(s) with the school, plus keep current information on file in the office
3. Reckless driving, speeding, squealing tires, transporting other students to the BACC, improper parking, and similar unsafe acts will result in loss of driving/parking privileges up to 1 year, plus possible legal action.
4. Vehicles must be parked properly within the lines. At no time may students just sit in their vehicle in the parking lot.
5. Non-students and their vehicles are not allowed on campus or in the parking lots without administrative permission (City Ordinance #99).
6. BACC students may be allowed to drive to the BACC or OJT. The proper forms must be completed and signed by a parent at the parental meeting with the administration and returned to the high school office prior to this privilege being granted. Students who do not practice safe and acceptable driving, or transport others, will lose this privilege. All other BACC students must ride the BHS bus provided to BACC.
7. Administration will conduct random checks of the parking lot. Violations may include any number of disciplinary penalties including stickers on windows.

STUDENT INSURANCE

Student insurance is optional to all students and covers injuries as outlined in specific policies. The insurance application form is available on our website at www.bronsonschools.org. **All athletes must have student insurance in order to participate in athletics.**

STUDENT OBLIGATIONS

6152 - STUDENT FEES, FINES, AND SUPPLIES

Fines

When school property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine will be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

Any fees or fines collected by members of the staff are to be turned in to the building secretary within twenty-four (24) hours after collection.

In the event the above course of action does not result in the fee being collected, the Board authorizes the Business Manager to take the student and/or his/her parents to Small Claims Court for collection.

Only students who have satisfied their obligations - financial, academic, or otherwise to the Bronson schools, may be considered to have completed the school year and report cards or other progress reports be issued.

SUBSTITUTE TEACHERS

Periodically, the regular classroom teacher may not be in attendance. At those times, the school will hire a substitute teacher to teach and supervise the class's activities. This teacher is a guest in our building and should be accorded all the respect and courtesies that the regular classroom teacher receives. The substitute may have different

expectations and the students should be prepared to meet this change in their daily routine. Generally, the assignments and activities the substitute presents to the class are those given to him or her by your regular teacher. In the event a student is uncooperative for a substitute, the teacher will notify the parent and may take disciplinary action resulting in detention(s).

TELEPHONE

Students will not be allowed to use the office telephones except for an extreme emergency. Telephones throughout the school are for staff and school business only. A phone (outgoing calls only) for student use before or after school is located in the main hall across from the kitchen.

TEXTBOOKS & SOFTWARE

These resources are expensive items provided by the taxpayers for your educational benefit. Treat them with care and respect. Write your name in your textbook only as instructed by the teacher and let them know immediately if there is a problem such as torn pages. You are responsible for the numbered textbook issued to you for the duration of the course. Don't use your book to store folded papers or other items - this breaks the binding. Keep books neat in your locker. **If you lose or damage a book or software, expect to pay for it.**

TORNADO DRILLS

Action on the part of students moving during a tornado drill is somewhat different than that of a fire drill. Specific instructions will be given at the beginning of each semester and they are also posted in each room. Following these instructions is important. Please cooperate with the classroom teacher by moving to the designated hallways or areas quickly and quietly without talking.

VISITORS

Parents are invited and encouraged to visit the school. **All** visitors must report to the office and state their business to the secretary. The secretary will then make the arrangements for the individual to complete their business.

Student visitors are not allowed at the school during regular school hours.

VOLUNTEERS – All volunteers must have the appropriate "Volunteer Forms" filled out and on file in the administration office before beginning any type of volunteer program. **Individuals wishing to become volunteers will be subject to background checks.**

WORK PERMITS

A work permit is required for employed students under 18 years of age and may be obtained in the high school office. Students working in Indiana must contact a high school in Indiana for the appropriate work permit.

STUDENT CODE OF CONDUCT & DISCIPLINE **INTRODUCTION TO STUDENT CODE OF CONDUCT**

Bronson Community Schools and Bronson Jr/Sr High School are dedicated to creating and maintaining a positive learning environment for all students. Teachers, administrators, parents, and students must assume a responsible role in promoting behavior that enhances academic and social success. Courteous, respectful, and responsible behavior fosters a positive climate for the learning community.

The Code of Student Conduct sets forth student rights and responsibilities while at school and school-related activities, and the consequences for violating school rules. When determining the appropriate action to be taken as a consequence of student misconduct, school officials may use intervention strategies and/or disciplinary actions, depending upon the severity or repetition of misconduct; age and grade level of the student; circumstances surrounding the misconduct; impact of the student's misconduct on others in the school community, and any other relevant factors.

The Code of Student Conduct will be administered uniformly and fairly, without partiality or discrimination.

When and Where the Code of STUDENT Conduct Applies:

The Code of Student Conduct applies before, during, and after school:

1. When a student is at school.
"At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises;
2. When a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school district staff; and
3. When a student is using school telecommunications networks, accounts, or other district services.

STUDENT RIGHTS AND RESPONSIBILITIES:

Individual rights relate to individual responsibilities and must be seen in relationship to the safety, health and welfare of all students in each school.

Expectations of student conduct should be kept within the bounds of reasonable behavior expected of all members of the community. Students should have freedom and encouragement to express their individuality in school, as long as their conduct does not intrude upon the freedom of others. This applies especially to the freedom of fellow students to receive instruction. There must be a balance between individual freedom and the orderly operation of a classroom.

All students should recognize the consequences of their language, manners, and actions toward each other and school staff. Students need to understand that they benefit from an orderly school operation and, as members of the school community, acknowledge their responsibility to promote a good learning environment.

A person who believes s/he has a valid basis for a complaint against their personal rights may:

1. Discuss the matter informally with the assistant principal/dean of students. Assistant principal will then investigate the complaint, document the findings, and respond to the complaint.
2. If the informal procedures do not resolve the matter to the complainant's satisfaction or s/he skips the informal process, s/he may initiate formal procedures according to the following steps.

Step 1. Investigation by Principal. a person may initiate a formal investigation by filling in written complaint. The complaint must contain the name of the individual or representative filling the complaint, be signed by the complainant or someone authorized to sign for the complainant and describe the alleged action in sufficient detail to inform the principal of the nature and date of the alleged violation, and propose a resolution. As part of the investigation, the principal shall permit the complainant to present witnesses and other evidence in support of his/her complaint. The investigation shall be complete within thirty calendar days of written complaint filed. The Principal will notify the complainant in writing of his/her decision and will maintain the district's files and records relating to the complaint.

Step 2. If the complainant is not satisfied with Step 1 decision, s/he may submit, in writing a signed statement of appeal to the Superintendent of Schools within ten calendar days after receipt of the Principal's response. The Superintendent shall meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within fourteen calendar days of receiving the written appeal.

Step 3. If the complainant remains unsatisfied, s/he may appeal through a signed written statement to the Board of Education, submitted to the Superintendent, within ten calendar days of his/her receipt of the Superintendent's Step 2 response. In an attempt to resolve the complaint the Board shall meet with the concerned parties and their representative at its next regular scheduled meeting after the Superintendent's receipt of the appeal noticed. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten calendar days of this meeting.

VIOLATIONS OF THE STUDENT CODE OF CONDUCT:

Student misconduct is classified into three levels. In addition to these three levels of discipline, a teacher may suspend a student for his or her conduct in a class, subject or activity. The definitions of misconduct at each level are not all-inclusive, but only representative and illustrative. A student who commits an act of misconduct not listed herein is nonetheless subject to disciplinary action.

School district staff may use intervention strategies such as teacher/student conferences, auxiliary staff/student intervention, and teacher/parent/guardian contacts for Level I and Level II violations. The staff will refer Level III violations directly to school administrators, because of the serious and/or unlawful nature of the misconduct. At the option of school administrators, a student accused of any violation of the Code of Student Conduct may be referred to a school social worker or counselor, in conjunction with or in lieu of other disciplinary procedures. Where the misconduct is subject to mandatory discipline under state law, however, the school board will act to impose any mandatory sanctions.

A teacher may issue suspensions for up to one day from their class. The principal or assistant principal may issue short-term suspensions. The district's board of education or its designee may issue long-term suspensions or expulsions. (See Suspension of a Student by a Teacher, page 17.)

SHORT-TERM SUSPENSION:

A short-term suspension occurs when a student is suspended for one (1) school day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended.

LONG-TERM SUSPENSION:

A long-term suspension is when a student is suspended for more than ten (10) school days. During a long-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended.

EXPULSION:

An expulsion occurs when the school district's board of education terminates the student's rights and privileges to attend school, including extracurricular activities. An expulsion is for an indefinite time, unless otherwise specified by the school board or state law. The parent/guardian of the student may petition the school board to request the student's reinstatement to school, as permitted by state law.

LEVELS I, II, AND III VIOLATIONS

Depending on severity or repetition, a Level I violation may be reclassified as a Level II or Level III violation.

LEVEL I VIOLATIONS:

1. **Cheating/Academic Misconduct**

A student will not plagiarize, cheat, gain unauthorized access to, or tamper with educational materials. These consequences cover all classes for the entire school year and are cumulative from one course to another. Discipline under this section will result in academic sanctions in addition to other discipline:

- **First Offense** - Student will be required to redo the assignment and parent contact will be made by the teacher. A 50% reduction in credit for the assignment will be issued.
- **Second Offense** - Parent contact will be made by the administration and 0% credit will be earned for the assignment. Administration has discretion to issue additional sanctions.
- **Third and Subsequent Offenses** - Parent contact will be made by the administration and 0% credit will be earned for the assignment. Administration has discretion to issue additional sanctions up to and including forfeiture of all semester credit for the class in which the cheating/academic misconduct occurred.

2. **Defacement of Property**

A student will not willfully cause defacement of, or damage to, property of the school or others. Actions such as writing in school textbooks or library books, writing on desks or walls, carving into woodwork, desks, or tables, and spray-painting surfaces are acts of defacement.

3. **Disorderly Conduct**

A student will not harass others or misbehave in a manner that causes disruption or obstruction to the educational process. Disruption caused by talking, making noises, throwing objects, or otherwise distracting another constitutes disorderly conduct. Behavior is considered disorderly if a teacher is prevented from starting an activity or lesson, or has to stop instruction to address the disruption.

4. **Inappropriate Displays of Affection**

Students will not engage in inappropriate displays of affection, such as kissing or long embraces of a personal nature.

5. **Insubordination/Unruly Conduct**

A student will not ignore or refuse to comply with directions or instructions given by school authorities. Refusing to open a book, write an assignment, work with another student, work in a group, take a test or do any other class or school-related activity not listed herein, refusing to leave a hallway or any other location by a school staff member, or running away from school staff when told to stop constitutes unruly conduct.

6. **Leaving School Without Permission**

A student will not leave the school building, classroom, cafeteria, assigned area, or campus without permission from authorized school personnel.

7. **Negligent or Improper Operation of a Motor Vehicle**

A student will not negligently operate a motor vehicle on school property, so as to endanger the property, safety, health, or welfare of others.

8. **Possession of Inappropriate Personal Property**

A teacher is authorized to immediately remove and suspend a student from a class, subject, or activity when the student's behavior is so unruly, disruptive, or abusive that it materially interferes with the teacher's ability to effectively teach the class, subject, or activity, or the student's behavior interferes with the ability of other students to learn. Any student suspended pursuant to this policy shall not be allowed to return to class, subject, or activity from which he or she was suspended from until the passage of one full school day from the time of the student's infraction unless otherwise permitted by the teacher who ordered the suspension.

For all other conduct, the teacher must handle the matter in accordance with the standard disciplinary process used in the school building. The teacher may also elect to not exercise the teacher suspension rights provided in this policy, and handle the matter in accordance with the standard disciplinary process used in the school building.

If the teacher suspends the student, the teacher shall immediately report the suspension and the reason for the suspension to the school principal, or the principal's designee, for appropriate action consistent with the Code of Student Conduct. If the student remains in school, the student shall be under appropriate supervision. The student will not be returned that school day to the class, subject, or activity from which he or she was suspended without the concurrence of the suspending teacher and school principal.

As soon as possible after the teacher-imposed suspension, the teacher shall contact the student's parent/guardian and schedule a parent-teacher conference to discuss the suspension. If possible, the parent-teacher conference should be scheduled during the teacher's non-instructional time, or before or after school. The teacher must report the outcome of the parent-teacher conference to the principal in writing. Whenever practicable, a school counselor, school psychologist, or school social worker should attend the conference. A school administrator will attend the conference if the teacher or the parent or guardian so requests. (MCL 380.1309).

A student who is suspended from school for any reason will not be allowed to practice, participate in, attend any school activity, or be present on school grounds, regardless of location, during the suspension (including weekends and/or holidays).

DUE PROCESS PROCEDURES

Except in extraordinary circumstances, alleged violations of the Code of Student Conduct are initially handled at the student's school. If a short-term suspension is contemplated, the principal or assistant principal shall provide the student with oral or written notice of the charges or allegations, and an explanation of the evidence or basis for the charges. The student shall be given the opportunity to present an explanation or a differing statement of the facts.

If the misconduct is found, the principal may authorize disciplinary action in accordance with this Code of Student Conduct, including short-term suspensions. Students whose presence pose a continuing danger to persons or property, or an ongoing threat of disrupting the educational process, may be immediately removed from the school without prior notice, explanation, or opportunity to respond. In such cases, the above procedures shall be provided as soon as practical.

The student and parent/guardian shall be notified of the circumstances and action taken.

Long-Term Suspension or Expulsion

If recommended by the principal or assistant principal, the school's board of education or its designee shall conduct a hearing to determine whether to impose a long-term suspension or expulsion.

The student and parent/guardian shall be notified of the allegation; the recommended disciplinary action; the time, date and location of the hearing; and of their right to attend and participate in the hearing.

The board of education or its designee shall conduct a hearing, which may be recorded. The student shall be advised of the alleged violation and be given an explanation of the facts. The explanation may include the written or oral testimony of others.

At the request of the student or the student's parents, the board of education may meet in a closed session to "consider the dismissal, suspension, or disciplining of a student." (MCL 15.268[b]).

The student and parent/guardian may be represented at the hearing by an attorney or other adult. Written or oral evidence may be presented at the hearing on behalf of the student. After the hearing, the board of education or its designee shall issue a decision, including a determination of disciplinary action.

The petition shall be in writing and contain the reasons that the board or its designee's decision should be reviewed or reconsidered. The board of education may grant or deny the request for an appeal or request for reconsideration. If granted, the board shall notify the student in writing of the procedures to be used for the appeal or request for reconsideration.

Interviews of Students by Police, Child Protective Services, or Other Public Agencies

The school district endeavors to cooperate with law enforcement agencies. Students may be interviewed in school by law enforcement officials. School officials will grant law enforcement interviews with a student after considering the (1) type of incident; (2) seriousness of the incident; (3) age and maturity of the student; (4) relationship of the incident to school and the educational process; and (5) whether time is of the essence.

When practical, school personnel will be present during a police interview. An attempt will be made to contact the parent/guardian prior to the interview unless immediate attention is necessary. If the student is a minor and the parent was not present during the interview, the parent/guardian will be notified by the principal that an interview has taken place.

The Child Protective Services Agency will not allow school personnel to sit in on an interview and the school will not notify parents.

Notification to Law Enforcement Agencies

State law requires each school board to comply with the statewide school safety policy adopted by the Superintendent of Public Instruction, Attorney General, and Director of Michigan State Police on October 4, 1999.
