Building Report, January 9, 2017

Bronson Community Schools K-12 Vision: “Dedication to Excellence – Preparation for Life”

Bronson Community Schools K-12 Mission

The Bronson Community Schools district, in partnership with students, parents, staff, and the community, will provide a nurturing environment where students learn in safety. We will maintain a place of excellence where students can achieve full potential, and moral development. We will develop lifelong learners who function effectively in the 21st century.

Parental Communication

Mr. McCrea with the help of Mrs. Fee and Mrs. Weber, will be sending a monthly mailing home to all 6th, 7th and 8th grade students. A copy of this newsletter is attached to this board report. Our elementary building first started using this newsletter so the JR/SR High School essentially borrowed the idea from them. In our mailings we send home, we will also place other notices to parents. For example, the January mailing will also contain a pamphlet for summer programs at the BACC. Postage costs money but having the support of our constituents helps us on so many levels.

Sports

- Girls varsity basketball team is currently undefeated, but heading into two tough games this week!
- Our bowling team has had a successful start to the season, and finished 4th out of 14 teams at their tournament this past weekend.
- Varsity volleyball was named Team Academic by MIVCA, with a team GPA of 3.713 and will be guests at the State Capitol in early February.

Dual Enrollment/Early Middle College

The dual enrollment courses for term II our as follows; Public Speaking, English Comp., and Introduction to Sociology. English Comp a three credit hour course has 16 students, Public Speaking a three credit hour class has 20 students, and Introduction to Sociology a four credit hour class has 19 students.

On a major positive, our kids performed outstanding in the Dual Enrollment program last term with all students receiving a B or an A in all courses except one student received a C in one class and we think it might be a mistake and should be a B. Bravo to all of our students and faculty who keep the program running!
