

**Bronson Community Schools**  
**Pesticide Application Notification Form**  
To be returned to the school by parents/guardians

Dear Parent/Guardian:

Bronson Community Schools has adopted an Integrated Pest Management program. Inherent with this are the District's efforts to reduce pesticide use as much as possible. While it may occasionally be necessary to apply a pesticide, these will only be used as a last resort. All other less toxic applications will be tried first.

You have the right to be informed prior to **any** pesticide application that might be needed in your children's school. In an emergency, pesticides may be applied without prior notice, but you will be provided notice following any such application. To receive notification, please complete the following information. If the form is not returned, we will assume you do not want to be notified. At anytime should you have questions or concerns about pest management within your children's school, please contact the Supervisor or Building & Grounds @ 517-369-3226.

Please cut here and return the bottom portion.

---

Please fill out the following for each child and return it to the district office at Bronson Community Schools  
215 W. Chicago Street  
Bronson, MI 49028
